## **Residents at Churches of Christ Care's Sanctuary Park Retirement Community have the best of both worlds**

Retirement living at Sanctuary Park Retirement Community provides a combination of lifestyle and community facilities in quality accommodation specifically tailored to meet the needs of residents.

Before Sanctuary Park residents Jack and Diana moved into the village, they lived their lives on a farm. But as they grew older and realised age was becoming an issue living out on a property by themselves, they began looking for a community where they would be able to enjoy the rest of their lives with their peers and have peace of mind.

After researching and visiting several retirement communities, Jack and Diana settled on Sanctuary Park. Their reasons for choosing Sanctuary Park were the manner in which they were treated - as potential community members – and the understanding and patience they were shown throughout the entire decision making process.

“Sanctuary Park offered the piece of mind we were looking for,” Jack said.

“We feel like members of an extended family. There is a lovely community here and we all get along and enjoy many occasions and celebrations together. Also, the design, the fixtures, the location and the lifestyle here are top quality.”

Jack and Diana now enjoy carefree living at Sanctuary Park where they can put their feet up, explore the local hinterland and coastal surrounds, knowing their maintenance and gardening are taken care of for them.

People on the waiting list for Churches of Christ Care's Sanctuary Park Retirement Community are eagerly awaiting the completion of Stage 3a, and are looking forward to securing the villa of their dreams.

Sanctuary Park Retirement Community currently consists of 35 beautiful villas (some stand alone homes), and Stage 3a, currently under construction, will see an additional 18 units added to the village. The total number for this unique location will only be 71 so there are limited opportunities to live in this beautiful environment.

Out of the 18 under construction in the next stage, only five are left for sale and they won't last long.

Even with the rains experienced across the Sunshine Coast, construction of Stage 3a has taken place where fine weather has allowed, and we now have five duplex slabs poured with frames and roofs progressing. It won't be long before the first duplex is almost finished.

There is no need to sell your home before securing the unit of your choice at Sanctuary Park. With our exclusive expression of interest program, you can secure first right of refusal for a limited time while you consider your options.
